“ *Maryanne,
We just saw an email at work of Andy's service. Please know we will keep you and your family in prayer. He often spoke very lovingly of you, his sons and grandchildren. He was so happy to retire to the farm he built with you. Andy is a true friend and mentored me on model boat making from scratch. He shared the sailboats he made with us at work, before he let the go. He crafted a model of the Detroit Fire boat that was presented and recognized for its detail. His legacy continues in models that I make because he shared his skills. May God Bless each of you. Kathy Smith*

“ *Andy and Maryanne were such a huge part of our lives taking care of our sons when they were kids. They were the best people in the world to care for them and love them. We are forever grateful that we had a safe and loving place for our boys to be while we had to make a living for them. Andy was a fine example of what a good man should be and our lives were the better for it. Rest in peace old friend and prayers and deep sympathy to Maryanne, the boys and the whole family.*
