“ *Grandma Meyers was really great to me. Whenever I came up she would do whatever I wanted to do, I loved going outside to her pond to feed the fish and walk back to the river. I always had a great time with her and will always remember the happy time we had together.*

“ *Beverly touched the lives of every person (and pet) she ever met. The advice and knowledge she imparted to me has been invaluable and I am so grateful to her for being my mom even after raising her own boys. I will miss her when I am teaching my girls to make a holiday meal or sew a Halloween costume. They will always remember that it was Grandma who taught them how to properly set the table. I will miss talking to her about the novels we traded and the recipe ideas we shared. Every day small things remind me how much she taught me and her love will be with me always. She was a selfless and kind person. I love her very much.*
