“ My prayers go out to Brian's family at this time of loss. I knew Brian from high school and worked with him at the Soo Theater for a few years. He was always full of life and very upbeat. He was very smart with a great sense of humor. Brian will be missed. God bless his soul.

“ My deepest condolences to Lynette and the whole family. I knew Brian since high school. We were in the same vocational electronics class, and he got me my first job as a movie projectionist at the old Starlite Drive-In and later the Soo Theater. Brian was a really smart guy, and a super hard worker. There wasn't anything he couldn't fix, from rebuilding a car engine to fixing a broken movie projector, TV set, vending machine - name it! But most importantly he was a good and loyal friend who stayed in touch over all these years. I was privileged to have spoken to him by phone not long before he passed, and his positive attitude and sense of humor were still going strong. We should all be so brave.

“ *Many prayers to you and your family. Getting to meet Brian through Josh's friendship is something I will always cherish. Brian was one of the first people Josh got to know and be friends with when he moved here in 2007. We are sad to hear of his passing but take comfort in knowing he's no longer in pain. May the memories and stories you tell about Brian forever warm your heart and ease your pain. Albertinia and Josh*
