“ *So sorry for your loss. Our thoughts and prayers are with you and your family. Unfortunately we cannot be with you to celebrate Carol's life due to some medical issues we are not able to make the trip.*

*I've known Carol as long as I've known anyone and always enjoyed her company. She had a very special relationship with my mother that goes back to when Carol was attending high school from the island. She would stop at my parent's house after school each day. This close relationship between Carol and my mother continued over the years up until my mother passed away while living at the Avery Center.*

*Carol was always special to me and will be greatly missed.*

*Carol took great pride in her family and their well-being. She was always fun to be around. I'm sure you have a lot of good memories as we do also to reflect on and help you through this sad time.*

*Sending hugs and prayers to you and your family*
