“ Dave was my neighbor, we just started getting to know each other last year when he offered to help me yank a bush out of my yard with his tractor. We then talked a few times here and there. I am shocked to hear of his passing! I thought he may have went down south or something for the winter and now I find this out. So sad and too early! May he rest in eternal peace! “ There are numerous highlights with Dave, that stand out to me as very positive. The one that stands out the most is when my stedad, John, legally adopted all 4 of my moms kids. My mom, Sharon, adopted Dave as her legal son. We were no longer a step family. I looked at Dave then as a true brother, but having it on paper was icing on the cake.

Dave will be missed by me deeply. Him and I talked for hours a few times a month. I last spoke with him on Sep 6. He will be missed. I hope he is at peace.

Being David's adopted sister, I have many memories---most make me laugh, some are serious, but we definitely put the fun in dysfunctional. After his accident many years ago, his peace was destroyed and he was never the same. He is missed by me and I pray he has found the peace he deserved. Love ya David!
