“ Dear family, my sister lived at wood creek manor for 20 years until just last month. (Currently in a nursing home) I live in Virginia and I cannot tell you the peace of mind I got when Donna took over management several years ago. She was always looking out for my sister. She did so much above and beyond her required work. She always contacted me when there were problems such as hospital admissions to keep me informed of my sisters well being. Just last month she not only cleaned out her apartment but took the time to wrap and box up some of my sisters things and store them in her barn for safe keeping hoping my sister would be returning to Woodcreek Manor later in the year. She returned cable boxes and furniture. She collected her mail and sent it to my sister which arrived just the day before Donna passed. I remember when my sister's elderly cat passed Donna took my sister to her home and buried her pet on her own property. I know Donna's son also helped my sister get old furniture removed from her apartment once which again was arranged by Donna. She even banned a person from the complex that was harming my sister. What a fantastic lady, she was a real champion for the residents there as well as others in the community. I know she will be missed by so many. What a terrible tragedy this is. My sister, Kathy Cardella wanted me to tell you how very sorry she is to hear about this tragedy and may Donna rest in peace. She told me Donna was the best friend she had in the soo. God bless you all in this very difficult time. Sandy Barnett
