“ You will always be my inspiration...
You were always there when I needed you. You inspired me to do so many things with music. I am getting so far now, because of you! I know you will always be by my side no matter what. I know you will be looking down on me, and are very proud, your smile said it all. I could not have done this without you. When I play it's not the same without you but, know that in my heart your music will always keep playing. I will always love you, and you will always be my inspiration. You will never be forgotten...I love you Uncle Fred.

“ I don't suppose any of you know me, but Fred and I played in the same band in high school and beyond, until I moved to California and Fred joined the Navy. We were the "Rhythm Kings" and were kind of an item around the Soo back in the day. There are many times I so wish I could turn back the clock and re-live those times. Fred was a fine player and a good friend and I will miss him forever. It was an honor to have known him.
