“ To a beautiful niece. I may have never seen you but I have felt a closeness to you since I found out that your mommy was expecting you. You are for now that other little angel that is looking down on all of your family. However I know between you and Terrence you have the most perfect worlds and bodies that God could ever give any of us. I love you so much sweetheart! I will be seeing you and Terrence when that day comes. With all my kisses and hugs, Your Aunt Kelli.
