“ To the family of Henry: My deepest sympathy is extended to you all. Henry had a good heart and up until the couple of weeks he was still making sure the Donaldson Church lot was cleaned. His smile was a bright lite on a conversation. Cling to the memories and prayers for peace and comfort.

Henry , Was working with my brother today when he told me of your passing . I was schocked to here the news . Henry will really be missed . Henry was always the man to call when you needed expert excavation work of any kind . He put in my septic and drain field as well as the site work for our house. When the inspectors came they asked who the contractor was , when they heard Henry Plamer they all said your not going to have any problems here Henry's the best you can get . We met in high school and were friends ever since . Karen and family your loss affects our whole county and its people . There has to be a special place in heaven for Henry maybe there will be dump trucks and bulldozers too.
