“ *I used to work with Jim at Glen's when our daughters were babies. I got to know him fairly well. He was the person who told me to come work at the hospital. Many years later when I finally took his advice, he was my go to guy for any computer issue. Any time I bumped into him at work he brought up one of his kids. He was so proud of them. And Catherine. I'm so sorry for your loss. He is already missed.*

“ *God bless Jimmy...I know he will be missed by his family and friends. He was the son of a good mom and dad who were the maid of honor and best man at my wedding back in late 70's...I never have and I never will forget Jimmy or those days...*

I told James about items that I have signed he ask me do you get everything signed. Or the time he came over to my apartment he would tip over my star wars figures in there play sets.
