“ Sara,  
My thoughts and prayers are with you. Your Mother was such a Special and giving person. Always giving to others and concerned for their health and well being. She will be greatly missed for all her generosity and kindness.  
I have recently moved but you can still reach me on my cell phone. I made you a salad but you need to let me know if it is okay to drop it off at your place?

“ *This news brings sadness to my heart, but so many wonderful memories.*

*Janet had beautiful, brown eyes; a lovely complexion; and was a very, good friend.*

*Growing up in a special neighborhood we spent Saturdays during the winter working on 4-H sewing projects. In the summer we had our gardening club. There was always sledding, ice skating, roller skating, working on Youngs' Truck Farm, and even going to and from school was an adventure because we lived on the city side of the City Limits, not eligible for the township buses. We sat beside each other in the back seats of Miss Frank's senior English class.*

*You are in my thoughts and prayers during this time.*
