“ I have just learned that there was a guest book here, so please forgive me for not acknowledging everyone till now. I cannot begin to Thank You all enough for the wonderful words printed in here. Kristy passed away doing what she so loved to do, go for a ride on the bike. We both were very excited to have been invited to a GWRRA ride, but I am so sorry for the experience that everyone went through. Those that knew Kristy, knew she was in a lot of pain. She is where she belongs now and suffers not the pain that had such a hold on her.

Thank you all so much for the thoughts and prayers. There were quite welcome, and well received.

God Bless each and every one of you.

There are NO words to express my sadness for you and your daughters except that I'm praying for all of you and I love you Tony.

“ I did not know Kristy, but was there on the ride when the accident happened. All we could do was to initiate care with the limited resources we had and try and make her as comfortable as possible until the ambulance arrived. I am so sorry we could not do more. Pam & I offer our sincere condolences to Tony and family. You have been continuously in our thoughts.
