“ Dear Susan and family, I am so sad to learn that Larry has walked on. The world has lost a creative genius and a wonderful friend. I remember being truly awed by the 30-foot telescoping trees he rigged for the 2006 Academy of Performing Arts production of Peter Pan using rope, carpet rolls, some paper, and a little paint. He was truly a master of his art. My late husband Taylor and he were partners in many behind-the-scenes projects, working their magic to showcase "the talent" and having a lot of fun doing it. My life is richer for having been part of those projects and for having Larry as a friend. Susan and family, I'm very sorry for your loss. May the love of family and friends surround you and give you comfort, strength, and hope, today and every day. Liz Brugman
