“ I've known Mr. Knight for many years, ever since he came to me for help with his taxes.

He was always kind and considerate, even when his health became a problem but, I never saw him happier than when he could talk about his family. He loved you all very very much and you brought him so much joy, even and especially during this year of being quarantined. I'm so very sorry for your loss.

“ Ma, Ken and I are so blessed to have been a part of the Knights family. Larry was a true angel with a heart of gold. We loved all the stories he shared of his youth and the things he got to experience. He truly lived a full life with more experience than most. We love that he bought Kamp II for the family to enjoy together, as we all know there's too many stories to share on here, but everyone of them are filled with happiness and love. Larry will truly be missed, heaven has gain a special Angel. We love you Larry, say hi to my for me and we'll see you another day.

All our Love

“ Pops you will forever be missed. Thank you for everything that you have done for our mother as well as for us. Kamp II will always be honored in your name. We have had many wonderful memories with you there. Like you drag racing Ed on your scooters, and the games you would play with the great grandkids, and all the bon fires.

I will never forget how happy you were the last time we were able to visit you. You had the biggest smile on your face, and it wasn't just because we brought you lots of your favorite candies. You will forever be missed, loved and remembered.

*Love you Pops,
Penny*
