“ *Dear Orval and family We were greatly saddened to hear of Larry's passing. Larry was always a pleasure to work with, always did his best and always with a smile. The loving support Larry, Tom and John received from mom and family never ceased to amaze. Keeping them together in their home, under Cindy's supervision, demonstrated a degree of thoughtfulness and caring beyond any I've ever seen elsewhere. If there is anything Northern Transitions can do to help honor Larry or support John, please let us know. Rest assured that Larry and your family will always be fondly remembered and thank you for sharing Larry with us. Karl – Northern Transitions.*
