“ *Nives, let's find the error in those postings. Boy, how many times did we do that over the years. Nives was a lovely person who loved anything that lived on this earth. I remember her having a room for her guinea pigs. She kept a beautiful home and let me stay over when the weather wouldn't let me drive home. I have thought of her many times when I had to balance accounts and checkbooks at work down here. She now is able to be with her beloved husband, John, and her mother, too. I'm sure they welcomed her with open arms. Be at peace and rest now, my friend.*

“ *I knew Nevis for many years and worked with her at The Sault Polyclinic and Sault Tribe. She was always nice to me. I used to go to her home to feed the squirrels and raccoons. She loved all animals. She even had a pet pig. Rest in Peace*
