“ *My condolences to Paul's family. Paul was an icon in this city. He could always be seen on his bike, with his helmet and backpack, traveling all over the city with a smile on his face. I seldom missed an opportunity to speak with him because he was always upbeat and I never failed to leave his presence feeling anything but good. He will be sorely missed. May God bring you comfort and healing as you celebrate his life and say your good byes.*

“ My condolences to Paul's family and friends. I've know Paul as far back as I can remember. He was a great guy. He always had a smile on his face and was always joking around. When ever we would bump into each other we would talk about music. He would ask if I'd heard this song or that song and wanted some guitar tips which I was always happy to oblige. I will definitely miss him as a friend and fellow musician. God Speed Paul Sylvester. RIP
