“ *I have a lifetime of memories. She is my mother, after all. The best are simple and come from my childhood and are so simplistic. Just sitting in the living room watching MacGyver or one of her westerns. She'd be working away on her plastic canvas while I played with my g.i. Joes. Or maybe the time she was going to quit smoking and became a bear and ran with one of her old notes and all my change to buy her a pack. There are so many more..*
