“ I have known Kent since I was 17. I worked with his best friend Chuck. Chuck married my older sister Aleen and then Kent married Laura my younger sister. If I hadn't worked with Chuck, our family tree would be much different. What makes me laugh when it comes to Kent, is thinking about the time he was signing into a computer at my house. I asked him his password. It was long and a mixture of numbers and letters. I was amazed he could remember such a complicated password. I knew Kent was smart, but that put him right up there with having a mensa IQ. He was a great brother-n-law. Very laid back and my sister Laura's greatest fan. He will be missed, but he is with Chuck now, I hope he tells him hello for me.

“ Mr. Creamer was one of the first people we met when we arrived at our camp on Prentiss Bay Road. When we met, Kent was walking his dog, as usual, near his home. In these few years that we have known him, Kent proved to be a very kind and thoughtful man, and a good neighbor. In spite of his illness, he offered his assistance and expertise on electrical challenges we had. He was the type of person we wish we had the good fortune to have known longer.....
