“ I wanted to pass on my condolences and say that Ray will be forever missed. I got to meet him years ago while playing World of Warcraft. Since those days we've been playing various games and sharing fun stories it feels like nearly every night. When he went missing for so long, we knew something had happened. Being faced with the thought of no longer hearing his voice breaks my heart. He helped me out with so many things between critiquing my art and encouraging me to get out there and show people what I can do. He was a very dear friend and my prayers go out to the family.

“ I have been friends with Ray online for the past 5 years (my cousin introduced us.) We would talk almost every day gaming, laughing, and enjoying life. Ray meant so much to us. He was our dearest friend and words cannot fully express how much we are going to miss him. We spent so many days and nights laughing and having happy times. He impacted us in such an immensely positive way. He was so smart, funny, and caring. He helped me so much during struggles with my own medical condition. We wanted to send our sincerest condolences to his family. He is forever going to hold a special place in our hearts.

“ I knew Ray for a while online joking and laughing and playing games together. His passing has hurt all of the online community that has grown close to him. We leave our hearts and prayers to the family and we will never forget him. You will be missed Ray you goofball.
