“ Rick drove from Sacramento with his brother Daryl to San Francisco and the three of us toured Alcatraz and went out to dinner. Rick also attended my sister Mary's wedding in Moab, Utah. He certainly loved family. Those trips always impressed me. Jim O'Neill

Rick actually got to take 3 laps around Daytona Speedway at 140 mph for his birthday one year. Well, we were only allowed to ride along BUT we ride shotgun!

Cancer may have taken you from us but what it didn't take was our love and memories we have. Your love to provide, service, family and friends are just a few. I'm so blessed to have you as a brother!! Gone better never forgotten. Fly high until we meet again. I will miss your smile, laughs and most importantly our talks more than you will know. Love your sister

Little Ricky, that's what we called you when you were a toddler and I remember you in your pajamas with the feet and that smile that indicated you might be guilty but too darn cute to be charged. Also I want to thank you for giving us your Disneyland tickets. Love and grace and blessings

Rick was a good man, who loved his family very very much. You all meant the world to him, and know that his memory will live on in all of you. Especially the "KISS" days, oh what Rock n Roll fun was had! If memory serves, Rick was Gene Simmons on bass....

Our deepest condolences, and we pray for healing comfort.
