“ *Ron, I enjoyed working with you all those years ago at Pendill's Creek. You were a good friend, a fun guy to be around, and you'll be missed.*

“ *Very sorry to hear of Ron's passing. I worked with Ron in the late 80's at Pendills. He kept it fun, even through the long winters. He also was willing to share his knowledge and skills with the many young biologists that passed through that station. He made a very big impression on my 4 year old son as well, who thought the world of him. Thoughts and prayers to the family.*

“ It's the little things and the everyday occurrences that you'll remember. The laughs, the stories, the smiles. And even though it seems like you can never recover from your loss, it is these very memories that will help push the pain away and bring back the smiles. We are very sorry for your loss and please know that you all are in our thoughts and prayers. God Bless ~
