*Our sympathies to you Sandy and your families...I did not know your mom but know that she was very dear to you. The time you spent with her here in long term care in St. Ignace was a testament to your devotion to her in her later years...it must have meant so much to her....I loved reading her about her life here on this site, it really gives a special insight to who you all are....What a long life and many accomplishments..You must have all been very proud of her and her of all you....Thinking of you at this time...*
