“ I had no idea that shelia was so ill. I felt so bad as everyone has. I have some very funny memories of shelia. She was so full of life. Our prayers are with the whole family at this time. We had just saw her a walmart, but it must of been about about 5 weeks ago. She really will be missed by her family and friends.

Sheila was a very special lady that always talked with us when we would see her. She always remembered to ask about Joan (my aunt she graduated with when she was sick with cancer). She was always full of energy and I hope you know that are prayers are with your family during this difficult time. If you need anything please call... I am sorry that we have lost another special lady.

“ *Lauri,Denise,Gail and Diana*

Sheila has been an important part of my life and of course I will miss my yearly visits. Most of all, I have many memories of a good friend and family member that will be with me forever. As anyone that knew Sheila, they have stories to tell, and I do have many! You all know that if I could be there with you, I would. Know that I care and expect to keep in touch. I am so thankful that I was able to share a few conversations with Sheila in her last days. I send my love and prayers to you all.

*Love,
Chris*
