“ I became good friends with Stacy in 8th grade when my family moved to Lake Charles from upstate NY. I wanted to be with her daily because she was so much fun! Her Daddy took us both to one of his work sites where we stayed in a camper for a weekend. She showed me how to shoot her 22 and we only hit tree limbs! lol. Going to the public swim pool was summer fun. Her older sister and friends took us on an eventful trip to Houston that my parents never knew about! Boosting her in Michigan was wonderful and I am gonna miss our phones calls and text conversations. I know she suffered these last few years and she is in a better place now. But that hole in my heart remains and won't be filled until we meet again
