“ To Steve's family...this is short note to let you know that many of Steve's old friends from Cadillac are hearing about his passing today for the first time because of his birthday, and we are all greatly saddened to hear our good friend is no longer with us. The Cadillac High School Class of 1981 Facebook page is filling up with comments about how Steve was one of the nicest people any of us ever met. My memories include playing basketball with him for two years in high school and sharing many classes. Steve was the kind of guy who you'd want to sit next to. He was soft-spoken but not shy, quick with a smile, made friends easily, and had lots of friends. I also remember walking home from school with him across Lake Cadillac when it was frozen in the winter. Today, as you remember Steve on what should have been his 58th birthday, know that you have a lot of company in grieving his absence.
