“ My brother Ted was 10 years & 6 months to the day older than me. I always picture him like in this photo. My big hippy brother. I really wish I could have known him more. I was so small when he left. We've been talking on his birthday for a few years now. I will miss our talks. It's amazing what I've learned watching all my older siblings through the years. I wish I could have learned more from Ted. He was truly a good brother. R. I. P. big brother, I Love you
