“ Tom and I were semi business competitors, but that didn't interfere with his generously giving technical advice along with billing solutions that we found worked better than others. I sent business his way, and he did the same for me. On some Fridays we would meet in his office and solve some problems of the world, and sure compare notes on the latest Dell upgrade fault degrading WiFi. Personally he was a good man. I consider him a good friend. To his Family I send my very heart felt condolence on your, and our, loss. He left us way too soon. I am at your service if you need any help.
Respectfully,

“ To the Smith Family,

This community has lost a wonderful individual. He gave so much time to others and asked nothing in return. He helped set up the new LED signs at Arfstrom Pharmacy and was our "go to" guy when we had problems with the signs. He and I celebrated just a couple days ago when a problem with the signs turned out to be a simple fix. We will all miss him very much.

To the Smith Family,

Tom was the best. He was always very helpful with everyone whether it was with computer issues or anything else. Especially in setting up a website for the Old Fashion Christmas. He was an asset to this community that will be missed. We will keep the family in our prayers.
