“ *You are on my mind every day. We all miss you terribly. There is no one comparable to you in my mind. Thank for the trips to Eatin's Pond fishing catching frogs and watching you play hockey with your brother and friends. Thank you for teaching me how to protect myself and the great work ethics you taught us all. We have all benefitted from the values you have taught us. I miss target practice. I miss watching you with the grandkids and the tender patience you would show them. Thank you for everything Dad. With an abundance of love you will be remembered.*

“ I have been so grateful to have been brought into this family and have met such a wonderful man. He was so loving and caring for me as a new granddaughter in law when we met each other 8 years ago. I'm so fortunate for him to see and meet my kids especially one of his new great grandsons who is 2 months old. Pop will be missed by so many people. And I know I for sure will miss him. Watch over all of us and give us strength we need to keep moving forward with our lives. We love you :)

“ Marlene and family - I love you all so much and wish you were not having to go through this pain. I know it all to well. Love and hugs are sent to each of you. *THE TIDE* The tide recedes, but leaves behind bright seashells on the sand. The sun goes down, but gentle warmth still lingers on the land. The music stops, yet echoes on in sweet, soulful refrains. For every joy that passes, something beautiful remains.

“ My deepest sympathy to Bill's wife and family. I never had the honor of meeting him but he worked with my dad---they both loved the outdoors. Family and friends were important to him as well. Our dad's are probably fishing in the best lake ever!! My prayers are with the family during this time of sorrow.

“ Dear Dad: I cannot express how much I miss you. We all miss you. You were our teacher throughout your entire family's life. I never felt I got enough chances to spend time with you. Of course I want more time, but I know that I will get that time when I am called home. I am so looking forward to that, but I feel needed here more at this time. I am so proud to call you my Father and I always will be. I hope you will be listening when we have your celebration of life. I know you will be watching over us all and I love you for that. You have always watched over everyone you came in contact with and for that I am proud. Until we see each other again, I will think of you every day and love you every day of my life as I always have. God Bless you Dad.
